

## Parkland Agri Services

Parkland Agri Services is a forward thinking independent agricultural service and inputs company that works hard at bringing value to the farm while being responsible stewards of the land. Parkland Agri Services is committed to providing quality products and services to their customers using cutting edge technology and knowledgeable, skilled staff. Parkland provides innovative value-added programs and marketing tools to help customers succeed.

Parkland partners with these key suppliers:

Celebrating over 30 years of being in business, Parkland Agri Services has a lot of experience and great relationships with their customers. What started as a small one location facility has grown to a strong multi-location independent dealer providing its services to 9 locations throughout central Alberta.

Working at Parkland Agri Services is more than simply a job, it means being part of a winning team. As Parkland Agri Services grows, we are looking for ambitious, hard working people to join the team to help Alberta's farmers succeed and add value to agriculture.
